

## CERTIFICATION AND RESEARCH FEE AGREEMENT

**The purpose** of the agreement is to provide for the agreement to certification of the seed produced from this seed purchase and to agree to the collection of a royalty fee on all 'Registered' and 'Certified' seed sold. Duster, OK Bullet, Centerfield, Okfield, and Guymon were released by the Oklahoma Agricultural Experiment Station and are protected under the Plant Variety Protection Act Title V Certification Option. Under this option, seed may be sold only as a class of certified seed. Seed from Okfield and Centerfield cannot be saved for personal production after the 'Certified' class.

**By agreeing** to purchase this seed from Oklahoma Genetics, Inc., the purchaser is contractually bound to follow through with certification even if the seed is used for your own purposes. The only exclusion to this agreement would be a loss due to weather conditions.

**The purchaser agrees:**

1. **A. This** seed must be planted on eligible ground, i.e. no wheat having been planted on this ground in the last production year unless it is a class of certified seed of the same variety nor wheat that has been hayed or grazed-off.  
**B. I** will remain a member in good standing with my state's certification agency.  
**C. Apply** for field certification through my state's certification agency, clean the seed in my own plant or have it cleaned by an approved processor or by the guidelines in my state's certifying agency.  
**D. Submit** a seed sample for purity and germination to my state's certification agency.  
**E. Order** tags for seed sold through my state's certification agency.
2. **To pay** Oklahoma Genetics, Inc., PO Box 2113, Stillwater OK 74076-2113, a royalty fee of one cent per pound on all 'Registered' and 'Certified' seed sold. The fee and a detailed report of all seed sold is due by December 31 of each production year.
3. **To authorize** the inspection of records and permit the reporting of certification records to OGI.

I understand and agree to the terms of this agreement.
